Rotating SRL Cradle Anchor

CONTACT SALES

This permanent anchor features a 360° rotating SRL cradle that improves worker mobility and reduces lifeline twisting. Its low-profile design installs easily on wood, steel decking, and metal roofing while supporting a wide range of compatible SRLs.

Features :

- 10" x 10" anchoring base plate with adjustable cradle that gives you a solid connection point and secure installation.
- 360-degree swivel rotation allows the lifeline to track with the worker, delivering full freedom of movement without tangling.
- Integrated secondary D ring attachment point functions as a standalone anchor, offering additional flexibility for personal fall arrest when an SRL isn't in place.
- Rugged, low-profile build with sealed bearings resists corrosion, reduces leverage forces, and extends SRL lifespan.
- Installs easily on wood roofs, steel decking, and Z-purlins.
- Rated to support workers up to 310 lbs.
- Fully compatible with all FallTech Class 2 SRLs
- Includes 16 screws for installation.
- Complies with ANSI Z359.18-2017, OSHA 1910.140, and OSHA 1926.502.
