Adjustable Parapet Wall Anchor

CONTACT SALES

This non-penetrating parapet anchor delivers fast, tool-free installation for fall arrest, restraint, and suspension applications. Adjustable clamping and protective rubber pads help provide a secure fit without damaging parapet surfaces.

Features :

- No tools required with simple clamp-on non-penetrating installation
- Adjusts to fit parapets from 1/2" to 15" thick and having a minimum height of 9"
- Protective rubber pads limit marring of parapet surfaces
- Includes primary connection D-ring for fall arrest, restraint and suspension applications
- Also includes additional D-ring for optional tie-back use
- Meets OSHA 1926.502 regulations
